***Note:** Selecting a Default Chartstring for Procurement Card Transactions

1. Cardholders should choose a default chartstring that is most appropriate for the majority of their charges. Cardholders may use the PCARD Reallocation and Reconciliation System to reallocate any transactions to another chartstring.
2. The use of Contract and Grant project account chartstrings (fund 1253) as a default is not recommended due to the term specific nature of these projects. Any cardholder request to use a Contract or Grant project as a default chartstring must be approved by the Controller. Please contact rehn@umbc.edu if you have any questions.
