UNIVERSITY OF MARYLAND, BALTIMORE COUNTY
PROCUREMENT DEPARTMENT

Sole Source Justification

PURPOSE

This form, with one or more categories completed must accompany purchase requisitions for the sole source procurement of equipment, supplies or services exceeding $25,000.00 total (purchases from contract vendors excepted). The purpose of sole source justification is to show that competitive bidding is impractical because only one product can meet a specific need. Therefore, an equitable evaluation of comparable products must be made and documented by the requestor which shows that rejection of other products is based solely on their failure to meet that need. In cases where no other comparable source can be identified, a technical description of the product requested and a listing of those companies which were considered as alternate sources must be provided. Sole source justification cannot be based on quality or price. Quality can be subjective evaluation based on opinion. Public procurement law required price considerations be evaluated via competitive bidding. Justification must contain clear, in-depth, and accurate information in order to avoid protests and the possibility of delaying the procurement.
