

Addendum No. 2

Reference: Request for Proposal (RFP) BC-21496-B: On-Call Electrical Services

Dear Vendors:

This addendum is being issued to amend and clarify certain information contained in the above-referenced Task Order (TO). All information contained herein is binding on all bidders who respond to this task order. The following changes/additions are listed below:

The University provides responses to vendor questions:

1. **Question:** Approximately how many on-call electrical contractors does UMBC anticipate awarding under this solicitation?

Answer: UMBC intends to award contracts to multiple on-call electrical contractors under this solicitation. The exact number of awards will be determined based on the number of responsive and responsible proposals received, as well as the overall quality of those proposals and the University's best interests.

2. **Question:** Approximately how many after-hours emergency service calls has UMBC averaged annually over the past few years?

Answer: In the last few years there have only been 3 emergency service calls.

3. **Question:** Will the MBE participation percentage vary depending on each task order, and are there typical participation percentages or ranges that contractors should expect?

Answer: Yes. The MBE participation goal will be established on a task order-by-task order basis, based on the scope and nature of the work. Because each task order may vary significantly, UMBC cannot provide a typical MBE participation percentage or range that contractors should expect.

All other specifications, terms, and conditions of this request not expressly amended by the responses in this ADDENDUM remain as originally stated. Please include the attached Addendum Acknowledgement Form in your firm's technical proposal.

Acknowledgement of Addendum Form: The attached Acknowledgement of Receipt of Addendum form is to be completed/signed and included with the Technical Proposal.

END OF ADDENDUM #2 DATED 07/10/2026

Acknowledgement of Addendum Form

This Addendum No. 2 for #BC-21496-B is being sent via email to the firms that received the Request for Proposal solicitation.

RFP. BC-21496-B: On-Call Electrical Services
